---

EXPERIENCE

Rectorat de Grenoble (Grenoble Regional Education Authority) **06/2026 - present**
Freelance Front-End Developer

- Developed a Web Components library with Stencil.js and Storybook for the "Base élève" platform of the French Ministry of National Education.
- Developed new front-end features in Angular and fixed bugs.
- Carried out accessibility audits of the components (RGAA, NVDA screen reader, W3C patterns, etc.).
- Used Claude AI.

Capgemini, Montbonnot-Saint-Martin **10/2025 - 04/2026**
Full-Stack Developer

- Developed and maintained e-commerce web applications for Compagnie des Alpes resorts, and improved the ticket-office and self-service kiosk interfaces.
- Integrated and consumed REST APIs between the React front end and Java/Spring Boot back-end services, with a focus on performance and front-end accessibility optimization.
- Worked in an Agile environment alongside back-end and QA teams.
- Used Claude AI.

Mezcalito, Grenoble **12/2023 - 12/2024**
Web Integrator

- Integrated several Daitem websites (a subsidiary of the Atraltech group) using Twig templates, following SEO standards, optimizing HTML structure, and applying the BEM methodology to structure the CSS.
- Integrated the Bongenie website.
- Maintained and built new features for the back office of Sport 2000's ski rental website.

Big Boss Studio, full remote **12/2022 - 12/2023**
Front-End Developer

- Front-end development with React and Next.js of the Balenciaga Sustainability website. Redesigned the "Qui veut du fromage ?" website (a Savencia group subsidiary). Redesigned Qpark France's internal team-management web application and integrated the Bridélice website.

Ascanio, Montbonnot-Saint-Martin **09/2022 - 11/2022**
React Front-End Developer
